Every Child Can Read Act

Every Child Can Read Act

On July 1, 2023, the Every Child Can Read Act went into effect in Kansas. The intent of this legislation was to address literacy initiatives with a target of ensuring students reach grade level benchmarks by third grade. In Blue Valley, we prioritize partnership with families in conjunction with high quality, evidence-based instruction rooted in the science of reading. This has been and remains a large area of focus for professional learning. Rather than limit conversations about reading progress to 3rd grade, it is our practice to do so at each grade level. KSDE has provided a summary of this Act which can be found [here](#). Our teachers look forward to talking with you about your child during Parent-Teacher conferences.

NAVIGATING TRANSITIONS: Empowering Parents with Conscious Discipline

BV Well invites **early elementary (K-2) parents** and caregivers to this session designed to provide insights and tools for supporting your child's development and wellbeing.

Presented by certified instructor Heather Buckman, this session will focus on helping families navigate transitions through the framework of **Conscious Discipline**. Parents will gain insights into **how the brain responds to stress and change**, learn **practical techniques to support emotional resilience**, and explore strategies to **build stronger connections with their children**. The session will include interactive discussions, real-life examples, and take-home resources to empower parents to create a harmonious and nurturing home environment.

A **Panel Discussion with Blue Valley educational leaders** will follow the presentation. The session is free; for planning purposes, please [register](#) in advance at fundbv.org/bvwell.

Heather Buckman spent 7 years teaching 4th and 5th grade while contributing to various building and district leadership roles before transitioning to an administrative position as assistant principal in a Title 1 School; a role she has currently held for the last nine years. There, she spearheaded the transformative implementation of Conscious Discipline where they've witnessed an increase in academic achievement and school culture, alongside a decrease in discipline issues and staff turnover. Heather holds a Bachelor of Science in Elementary Education with an emphasis in Early Childhood Education from Missouri State University and a Master of Science in Educational Leadership from Northwest Missouri State.

Securly Home

Securly Home

Have you ever wondered how to monitor your child's usage on their Blue Valley device? We have parent tools that allow you to receive notifications to ensure your child is using their device safely. School staff members monitor these devices during the school day and intervene, when necessary. However, parents can receive alerts if concerns arise when students use devices after school hours—including weekends and school breaks.

Check out the [Securly Home](#) Parent Portal App here.

Teacher Collaboration Days

Teacher Collaboration Days

As we kick off the 2024-25 school year, I want to remind families about the teacher professional collaboration days designed for teacher plan and collaboration time. These eight days, which occur throughout the school year, are non-student attendance days for K-5 students. These days are vital to ensure the best possible preparation for our elementary students and key to quality teacher retention.

The following days, which can be found in the [2024-25 calendar](#) on the district website, have been designated as teacher professional collaboration days:

- August 30
- September 27
- November 1
- December 6
- February 28
- April 11
- May 2

Reminder: November 1st is a K-5 non-student attendance day for teacher collaboration time. During this time, elementary educators will be in their buildings and classrooms working to ensure the best possible preparation for our elementary students and supporting student learning outcomes.

School will be back in session on November 2nd.

Nut-Safer Guidelines

Nut Safer List 24-25

Nut-Safer Guidelines

At OTE, we have a wide variety of food allergens and restrictions. To remain safe and to prevent exclusion, we don't accept food, including items from the Nut-Safe List, to serve in school or send home with students for birthday celebrations. This complies with our **non-edible birthday celebration**. Essentially, we must remember that sending food home is a risk for children as they transition between school and home, putting our families in an undesirable position when they cannot eat what is provided.

Blue Valley (BV) School's Nut Safer Guidelines for daily snacks will be implemented throughout the school year.

- Classroom snacks must be from the Nut Safer list.
- Nut Safer seating is available in the café during lunch.

We appreciate your support as we work to be more preventative with food safety measures to enhance student and staff safety.

The complete list of nut-safe foods and BV Guidelines can be found [here](#).
