## Upcoming closure at 167th Street, U.S. 69 Interchange

As part of the U.S. 69 Expansion Project (69Express)—a major initiative to improve traffic flow and safety—construction work will soon impact travel near 167th Street.

From March 6-9, one lane in both directions on U.S. 69 will be closed from 159th Street to just before 179th Street for bridge demolition at the 167th Street interchange.

From April-October, 167th Street at U.S. 69, including ramps, will be closed. U.S. 69 over 167th Street will be reduced to one lane each way. Additional information can be found on [69Express' Road Closure Update webpage](#).

While not a school district project, this may affect travel for families. Any impacts to school transportation will be communicated by Durham School Services and All Point Transportation. Please plan ahead and consider alternate routes as needed.

## Testing Day is April 8th

Tuesday, April 8th, is our school-wide testing day for 9th-11th grade students.

[Here](#) is a link for more information about the tests that will be administered that day.

**Bus Transportation:** Durham will run morning routes at standard pick-up times and will pick students up at noon once testing concludes. If your student receives testing accommodations extending their test, you will need to make alternate transportation arrangements for them to be picked up once their test concludes.

### Join Us for the Blue Valley CAPS Open House!

Attention students, parents, and community members! The Blue Valley Center for Advanced Professional Studies (CAPS) Open House is happening on Tuesday, April 8th, from 12:00–2:00 PM, right after high school testing. This is the perfect opportunity for students to wrap up their testing and explore the incredible real-world learning experiences available at CAPS.

During the event, you'll have the chance to tour our state-of-the-art facility, meet our expert instructors, and hear from current students about how CAPS is shaping their future. Whether you're interested in healthcare, engineering, business, entrepreneurship, food science, technology, law, teacher education, or creative industries, CAPS offers hands-on, professional experiences that prepare students for success beyond high school.

This event is open to the public, so bring your friends and family! We look forward to seeing you there.

For more information, visit [www.bvcaps.org](http://www.bvcaps.org).

### DAPT Event on April 8

Blue Valley's Drug and Alcohol Prevention Team, in collaboration with BV Well and BVEF, will host a community event for all district parents and staff. The keynote speaker, Libby Davis, from Keepin' It Clean for Coop Foundation, will be offering information to parents on Fentanyl Awareness "Know is the New No". The New Drug Talk is a short informative film about present dangers related to teen substance abuse. And, our own BV DAPT committee will serve as panelist, along with Libby Davis to engage with participants following the program. [View the Flyer](#)

### Partnering for a Safe School Community

Ensuring our students' and staff's safety and well-being remains our highest priority. As we near the end of the school year, we want to take a moment to thank our families for their partnership. Your

support and conversations at home have made a meaningful impact on student behaviors, reinforcing the importance of making good choices and reporting concerns appropriately.

### How We Address Threats

We take every report of a threat seriously—whether that threat is made on social media, in person or through another means. Our administrators work closely with our Safety and Security team and local law enforcement to investigate each case thoroughly. This process includes reviewing past behavior, gathering input from families, and conducting interviews. If a credible threat is identified, we will immediately notify staff and families. You can learn more about our safety protocols and threat assessment process on our [district website](#).

### Partnering to Keep Schools Safe

This spring, we will continue our informational graphics through Canvas for grades 6-12 about the real consequences of making threats. Even offhand comments or social media posts can have serious repercussions, including school disciplinary action or legal consequences. It's important for students to think before they post or speak.

We encourage families to listen to our fall 2024 [BV Unmuted podcast episode: Understanding Threats and Their Consequences](#). In this episode, former Interim Chief Simon Happer (Overland Park Police Department), Dan Carney (Director of Safety & Security), and Dr. Katie Collier (Deputy Superintendent for Learning) discuss how Blue Valley ensures a safe and secure learning environment.

🔊 Listen here: [BV Unmuted: Understanding Threats and Their Consequences](#)

### How You Can Help

- Report Concerns: Please remind your student to report any concerning behavior to school staff or use our [online reporting system](#).
- Avoid Spreading Rumors: Social media can spread misinformation and create unnecessary anxiety. Instead of sharing posts, report them directly to school administrators or law enforcement with as much detail as possible.

Your partnership plays a vital role in maintaining a safe school environment. Thank you for your ongoing trust and support.

### Community Celebrations and Observances

Some May Celebrations & Observances:

- Asian American and Pacific Islander (AAPI) Heritage Month - recognizes the achievements and contributions of Asian Americans and Pacific Islanders to American society, culture, and history.
- Jewish American Heritage Month - celebrates the achievements and contributions of Jewish Americans to American society, culture, and history.
- Mental Health Awareness Month - aims to raise awareness about mental health by fighting the stigma, providing support, and advocating for policies that support people affected by mental illness.
